

USES AND DILUTIONS

Simple Green All-Purpose Cleaner/Degreaser works with hot or cold, fresh or salt water. Mix appropriate solution using the Applications/Dilution Ratio Chart below. These are guidelines; cleaning jobs vary. Try the economical ratio suggested first; then strengthen or repeat application if necessary.

Always spot test on hidden surface first. Do not use on leather or non-washable surfaces. Dilution ratios are shown in increments of 10 to also help our customers using the metric system. Convenient, approximate ratio examples using familiar American measures are included.

RATIOS

Full Strength	Wet surface with water first for best results
10:1	Add 10 parts water to 1 part Simple Green 1 cup water to 1 oz. (1/8 cup) Simple Green
30:1	Add 30 parts water to 1 part Simple Green 1 quart water to 1 oz. Simple Green
50:1	Add 50 parts water to 1 part Simple Green 1 quart plus 2 cups water to 1 oz. Simple Green
150:1	Add 150 parts water to 1 part Simple Green 16 oz. water to 1 teaspoon Simple Green

USES AND DILUTIONS

APPLICATION	DILUTION RATIO	*SEE NOTE
Adhesive Removal	Full Strength to 10:1	
Aluminum Parts	Full Strength to 10:1

Wood Decks	30:1	3

*NOTES

Note 1	Unplug cord from outlet. Do not get Simple Green or water in cord connection, cord or plug.
Note 2	Do not spray directly on surfaces. Apply to rag and wipe.
Note 3	Wet surface first, apply Simple Green, scrub if necessary, rinse.
Note 4	Four to five squirts of Simple Green over dishes on each rack. Use 1/2 to 2/3 regular amount of detergent.
Note 5	Always spot test on hidden area first.
Note 6	Do not use on wood without protective finish.
Note 7	Pearls/porous stones should not be exposed to any cleaning solution.
Note 8	Washing Machines Add ¼ cup Simple Green to water-filled tub. Use ½ or less of suggested amount of regular detergent.
Note 9	Thoroughly wet fur, pour on (avoiding eyes), rub fur, rinse thoroughly. Apply conditioner & rinse
Note 10	Wet floor with hot water, apply Simple Green, let stand for several minutes, rinse with hot water.
Note 11	Do not use on plastic instrument panel. Protect from over-spray.

FORM #U05-6/01

Please contact your local Environmental Agency to learn and obey all state and federal regulations regarding the disposal of effluent and rinse water into sewer systems, gutters, storm drains, and waterways.
